Respected Sir,

Sub: Sahakara Samrakshana Samithi - Appeal NCUI to Propose
an agitation of co-operators to protect and practice
the Co-operative Economic system to get economic
freedom to the farmers and rural artisans - Request-
Regarding.

- Ref: 1) Our Representaion to Prime Minister requesting to
invite the views of Co-operative Federations on the
proposed co-operative companies Bill dt. 19-12-2000
- 2) Representation submitted to Group of Ministers on
Co-operative companies Bill dt. 07-01-2001.

Co-operative Greetings.

Kindly have a look at the representations enclosed herewith.
Sir, you might have been noticed to the recent past a strong lobbying
is going on to dilute the co-operative concept from a user member
driven institution to a Investor driven Institution. Co-operative
economic system is evolved as an answer to the exploitative nature
of the Joint stock companies, represented to the Capatalistic Economy.

The Government of India is moving to bring a companies
Bill for formation and conversion of co-operatives into companies is
against the economic interests of the rural Indian economy and a
surrender of the co-operative system to the market economy. But the
bare fact is that the co-operatives only protect the farmers and
rural artisans from the on-slaughters of the market economy.

.....2.

The need of the hour is to impress upon the Hon'ble Parliament to reject the proposed Bill and to lead a people movement for economic freedom of the people.

We humbly propose the National Co-operative Union of India, may chalk out a programme of seminars, symposiums against the Bill, enlightening the co-operative concept and to evolve an alternative form of co-operatives to get economic freedom to the farmers and the rural artisans, through the National, State level Co-operative federations and the State co-operative Unions. The meetings may be coincide with the Parliamentary Budget sessions.

17 Crore Indian co-operative members are looking to your leadership, which has a long career in the co-operative movement to lead the co-operative movement as people's movement. at this right time.

Sahakara Samrakshana Samithi, is looking forward to your comments.

Thanking you,

In the Service of the
Co-operative Movement,

S. Bhoomiah
